

Baden-Württemberg- SCHOLARSHIP

ACADEMIC YEAR 2022/23

The Baden-Württemberg Stiftung is annually awarding the Baden-Württemberg-SCHOLARSHIP to Students of the State of Baden-Württemberg and also to the universities outside Germany who have cooperative arrangements with those institutions. It is intended to promote the international exchange of qualified German and international students.

The scholarships for **winter semester 2022/23** and **summer semester 2023** will be awarded exclusively for the **Exchange Programs Global, Double Degree** and **INTAP** (not for ERASMUS mobilities).

Scholarship amount: at least 700 € per month (for 3 months)

Students are only eligible for the scholarship if they do not receive another full scholarship during the same time; double funding is impossible.

Application process:

1. Student is nominated by home University and applies for the study abroad semester at Hochschule Esslingen.
2. Home university nominates the student for the Baden-Württemberg-SCHOLARSHIP and sends a ranking of all nominated students to Hochschule Esslingen until **15 May** (nomination list enclosed).
There is only one nomination deadline for the whole academic year!
3. Hochschule Esslingen informs the student about the next steps on how to complete the application for the scholarship online. At that time, the student will need to provide the following documents:
 - Letter of motivation
 - Curriculum Vitae / Résumé
 - Transcript of records

The Baden-Württemberg Stiftung will then decide who will be eligible following a recommendation by Hochschule Esslingen.
